Temporary and permanent opportunities
for teaching and school support staff

At Vision for Education, we provide a high-quality recruitment service for schools of all kinds.

We're always interested in talking to teachers, teaching assistants, cover supervisors and other support staff with any level of experience – whether you're an NQT, busy parent or semi-retired!

If you're looking for day-to-day supply, short or long-term placements – or even a permanent role – we can help.

Why Vision for Education?

We have a genuine commitment to the learning and development of children and young people. We believe in educational quality, safeguarding children and supporting our teaching staff.

We're a well-established, market-leading agency with industry experience and expertise. Our consultants are knowledgeable about the current educational climate and the challenges that teachers and support staff face. We develop close relationships with teachers and schools to understand their needs.

As part of TES, we share the same values – teachers and support staff trust us to support them and help them develop, throughout their careers.

“Working for Vision for Education has been such a positive and rewarding experience. I feel that I have grown as a practitioner due to the consistent support and training opportunities – a brilliant agency to work for.”

Lisa Fox, Teaching Assistant

Vision for Education and you

We start by getting to know you and understanding your particular strengths. At the same time, our close working relationships with schools enable us to understand their specific requirements. This helps us match you perfectly with a school environment that will enable you – and your students – to shine.

We treat you as a professional, with integrity and respect, and offer ongoing support on every placement.

Our consultants, in-house payroll team and support staff are always on hand to help you. This frees you up to concentrate on what's really important – teaching.

**“I find everyone
in the office extremely
professional, polite, helpful
and understanding with
a good sense of humour.**

**They have always managed
to place me in schools that
fit my strengths and needs.”**

Alex Smerchynsky, Primary Teacher

Guaranteed pay scheme

Our guaranteed pay scheme gives you security and peace of mind on supply. If you meet our criteria, you could receive an agreed rate for supply teaching, whether or not we place you on a particular day.

Please see our website for more details about the scheme, or ask your local branch.

Social events

We hold regular social events for teachers and support staff, giving you the chance to network with schools and other teaching staff and widen your professional contacts – as well as having a great night out!

“Their guaranteed pay scheme really separates Vision for Education from many other agencies.

I believe their honest approach regarding pay and having in-house payroll made the experience more efficient and transparent.”

How it works

Whether you're looking for occasional supply, long-term placements or a permanent role, we're keen to speak with you.

The first step is to have a chat on the phone with one of our friendly consultants, who can advise you on the best way to get the right placement for you. We'll then meet face to face, to look deeper into the type of work you're looking for, and see what we can offer to suit your skills and requirements.

It's about finding the right school – and the right role – for you.

Once our safeguarding checks are complete, we'll liaise with the many schools who trust us to find the right candidate for them. We'll put you forward for the roles most suited to you, and offer ongoing support to make you feel part of the 'Vision team' – including an active social calendar and lots of opportunities for CPD.
