### Senior Science Technician

The King's Academy is seeking to appoint an experienced and well-qualified Senior Science Technician responsible to the Head of Science in coordinating the use of, and development of, practical resources and facilities, including the provision of guidance and support in meeting the practical requirements of the science curriculum, including liaising with all areas of the school and outside organisations.

If you believe you have the vision and commitment to work in an Academy which seeks to raise achievement as well as set and maintain high standards and expectations, we would like to hear from you.

The King's Academy has a reputation for excellent standards of behaviour and first class resources.
