Headteacher: Mrs W Heslop, BA MEd

ART AND DESIGN & TECHNOLOGY TECHNICIAN

BAND 3 Term Time only plus 10 days

Salary £17,015 - £17,355

We are looking to appoint a well-qualified and highly skilled technician to support the Art and Design and Technology Departments. The person appointed will support teachers and students within practical aspects of their work across the Art and Design and Technology curriculum. Experience of working with a wide range of materials and processes would be beneficial. Art is a very popular subject area for students and the technician needs to liaise effectively and consistently with staff in the department each day, accurately assessing their requirements in terms of materials, equipment and support. The Design and Technology department is very well equipped with a range of industrial specification machinery along with state-of-the-art CAM equipment, for example laser cutter, 3D router and a number of CAM vinyl cutters. An electronic booking system facilitates the management of resources and support.

Full Health and Safety training and certification will be provided as well as comprehensive training in specialist equipment.

Cramlington Learning Village is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. As such the successful candidates will be required to undergo an enhanced DBS check.

Further details and application forms are available via www.cramlingtonlv.co.uk; Completed application forms should be sent to arrive no later than midday Monday 2nd August 2021 and should be sent to Chris Calder, the PA to the headteacher via ccalder@cramlingtonlv.co.uk
