# WELCOME FROM THE CO-HEADS

We are thrilled that you are interested in joining the team here at DCHS. We took over as Co-Heads in January 2021 with an aim of DCHS being an educational centre of excellence based on the principle that effective relationships are the key to positive outcomes. We believe that first and foremost we as teachers are here to provide high quality teaching and support to students within our care, and in doing so we will create a place where students want to be.

We are looking for a team player who has a student centred approach as well as a desire to be part of a robust teacher education programme. We have a considerate approach to staff workload and are committed to investing in staff to help them progress through their own career, and in doing so create a place where staff want to work.

We are passionate that the term 'community' within our title is significant and cannot be undersold or underplayed. We believe that every member of staff at DCHS should leave the community in a better position than the point they arrived here and ask that, if you are to join us, you share this belief. We believe that at DCHS, community works.

We have included everything we feel is important to share in this pack and we welcome requests from anyone interested in this position to contact us to visit in person, meet over a video call or chat on the phone about this opportunity.

 & 

Alan Rogers

James Wilson

# TEACHER OF DT (MPS/UPS)

An opportunity has arisen for a committed and skilled classroom practitioner to join our successful DT team. This post is for a permanent full time teacher of DT. The post provides excellent opportunities for ambitious newly qualified DT teachers who are looking to be supported through the ECF programme, or for experienced DT teachers who want to be supported through to the next stage in their career.

The successful candidate would be a teacher who is passionate about their subject, is an excellent practitioner and is committed to bringing out the best in our students. In DT we develop students skills in the creation of products that solve problems for users in a creative, sustainable and often technical way. Our DT curriculum currently includes topics with a focus on product design, engineering, electronics and graphics and we are keen to refine and reshape our Key stage 3 and Key Stage 4 provision to fit our vision and expertise within the teaching team. Candidates from the full range of subject specialisms are welcome to apply. There is opportunity to teach GCSE DT and BTEC Engineering at KS4 and potential for KS5 in both subjects. Our Engineering courses at KS4 and KS5 are fully subscribed. Experience of teaching Engineering is desirable.

The department currently includes 4 staff plus a specialist technician. We are an extremely friendly and supportive team who all share a passion for engineering, design and technology and its place in the modern world. We work collaboratively to plan and refine the topics on offer to keep our learning journey fresh, exciting and relevant, and share resources using Google platforms. We are passionate about developing and refining what we offer.

Our department is well resourced with both traditional and modern facilities including CNC machining, 3D printing, laser cutting and robotics and we work hard to keep our skills fully up to date. Experience of CAD (or a desire to become expert) is important. We seek someone who is tech savvy - the ability to use 2D and 3D CAD and associated CAM regularly is desirable, as is the ability to use ICT and modern processes creatively to promote student engagement and achievement.

We encourage our students to pursue their DT interests through the extra-curricular activities on offer within the department. As a member of the department you would also benefit from the opportunity to join in with a number of extracurricular clubs and we offer a range of educational visits and activities throughout the year. For our DT students, this includes 'Tomorrow's Engineers Robotics Challenge', 'VEX Robotics' or supporting students with applications for Arkwright Scholarships - we would like to develop our offering further. We also support our feeder schools with transition activities so there is an opportunity to further enhance what we do for our students on their journey across the key stages.

**BUILDING RELATIONSHIPS,**  
**INSPIRING SUCCESS**

## Learning and Teaching

- plan and teach structured lessons or sequences of work which interest and motivate students and which, motivate, stretch, challenge and are in line with high quality classroom experience and learning and teaching policy.
- employ interactive teaching methods and collaborative group work
- promote good progress and outcomes, encouraging active and independent learning that enables students to think for themselves, and plan and manage their own learning
- differentiate teaching to meet the needs of students, asking for guidance where appropriate
- organise and manage teaching and learning time effectively
- demonstrate excellent subject and curriculum knowledge
- organise and manage the physical teaching space, tools, materials, texts and other resources safely and effectively with the help of support staff where appropriate
- set high expectations for students' behaviour and establish a clear framework for classroom discipline; to anticipate and manage students' behaviour positively and constructively, and promote self-control, independence and reflection
- provide homework and other out-of-class work which consolidates and extends work carried out in the class and encourages students to learn independently
- work collaboratively with specialist teachers and other colleagues and, manage the work of learning support assistants or other adults to enhance students' learning
- apply appropriate whole school policies
- recognise and respond effectively to equal opportunities issues as they arise in the classroom, by challenging stereotyped views, by challenging bullying or harassment and by following relevant policies and procedures
- can take responsibility for teaching a class or classes over a sustained and substantial period of time, and teach across the age and ability range
- enhance the learning environment : establish attractive, relevant and meaningful learning displays, create ambiance and a climate for learning

## DCHS - UNIQUE SINCE 1808

Founded in 1808 by the Duchess of Northumberland, DCHS was established on the principle of providing quality education for the children of Alnwick. Whereas the original school provided for around 20 students, the current school has a capacity of 1500. However the principle remains the same: providing quality education for the surrounding area.

The catchment of the school has also changed somewhat from the original school with a catchment larger than Greater London, we serve students from the hills of the Cheviots to the shores of the North Sea. We are proud to serve a diverse and unique catchment.

It is not just the catchment that has changed; in 2017 we moved into a new building just off the A1, which provides our community with outstanding facilities as well as access to the city centre of Newcastle in 30 minutes. It really is closer than you think! We have staff that travel from as far north as Berwick, as far south as Durham, and as far west as Hexham.

Where **children** want to be

Where **staff** want to work

Where **community** works

**BUILDING RELATIONSHIPS,  
INSPIRING SUCCESS**

An educational centre of excellence based on the principle that **effective relationships are the key to positive outcomes**

3 Broad Aims

Where **children** want to be

Where **staff** want to work

Where **community** works

## Community

We recognise the unique nature of our catchment and surrounding communities and actively seek to forge effective relationships that allow for community growth

## Priority students

Priority students are first in all that we do. This ensures that the gap is not widened and that over time it can be diminished completely

## Impact

Students are 'better off' for having spent time at DCHS.. We ensure students are prepared holistically for this step as well as academically

## Relationships

All stakeholders work to build strong relationships that encourage positive behaviour and attitudes throughout the organisation

## Curriculum

We constantly review the curriculum in place to ensure that it is meeting the intent statement aims of creating cultural capital, healthy democracy and allowing students to access all in the world

## Teaching

The DCHS teaching principles allow us to ensure quality first teaching. Teacher Education sessions provide opportunities for all staff to enhance their own skill set and lead to effective outcomes

Our 6 Strategic Priorities

SCHOOL PRIORITIES

Where **children** want to be

Where **staff** want to work

Where **community** works

**BUILDING RELATIONSHIPS,  
INSPIRING SUCCESS**

TIME MATTERS	CPD MATTERS	SCHOOL PRIORITIES MATTERS	CULTURE AND ETHOS MATTERS	SYSTEMS AND PROCESS MATTER
<p><b>Email embargo:</b> No emails are sent from Friday 5 pm until a Monday morning, no emails in school holidays, and not past 6 pm on weekday evenings. The only exceptions are for serious safeguarding matters</p> <p><b>Whole School Emails policy:</b> No longer to be used. The staff bulletin should contain all key messages</p> <p><b>A rational approach to data:</b> We have three data drops per year. All of the data is analysed for staff, freeing staff time and thinking to consider key actions. No meetings will take place during a data drop window</p> <p><b>A rationalised approach to marking:</b> Staff are expected to mark according to dept policy</p> <p><b>School Building:</b> Closes at 6pm each night, we encourage staff to find a worklife balance.</p> <p><b>Directed time:</b> Directed time is built with staff at the forefront of planning</p>	<p><b>Department Time:</b> This has been calendered more frequently. Departments are allowed to dictate the agenda for faculty time. It is very much for the middle leader to dictate the agenda, with a view that the meeting should focus on sharing subject expertise and enhancing subject knowledge</p> <p><b>Sensible use of Twilghted Time:</b> We operate a training model whereby we work to a set number of twilights and trade this time to gain days off in lieu. During the twilight training, there is normally a short presentation then the remainder of the time is given to training</p> <p><b>Continuation of Virtual CPD:</b> During lockdown we found accessing material online easier and often more engaging. We will continue to provide online CPD links</p> <p><b>CPD for all:</b> CPD is not just about 'teacher education' we target specific CPD for those that request it during PD conversations. CPD is relevant and never to tick a box</p>	<p><b>Clear SLT messages:</b> These seek to prevent ill communication and repetitive emails</p> <p><b>Effective use of briefings:</b> Briefings focus on training staff and sharing important key/important messages</p> <p><b>Working with unions:</b> SLT meets regularly with Union representatives within the school</p> <p><b>Resisting fads:</b> DCHS seeks to keep things simple and focussed. Everything should come back to the School Priorities and the DCHS teaching principles</p> <p><b>Being flexible:</b> Where possible we aim to meet the needs of family life, ensuring emotional and well-being are supported</p> <p><b>Nothing for Ofsted:</b> We do nothing for Ofsted. Any inspection will catch DCHS in its daily form. We are Ofsted ready, not Ofsted compliant</p>	<p><b>Lesson Objectives:</b> We do not use lesson objectives as a school. They waste invaluable time and dampen expectations. Lessons focus on big questions. The big question is the objective and the focus of the lesson</p> <p><b>Pedagogical approach:</b> We emphasise that there is no preferred learning style, but traditional teaching methods; retrieval practice; the use of workbooks; co-planning; magenta principles are to be embraced</p> <p><b>Rationalising Revision:</b> We hold a belief that the Autumn term is for teaching not revision sessions after school</p> <p><b>Open and Honest approach:</b> We believe that sharing the issues that face the school in an open and honest way is beneficial to the end goal</p> <p><b>Staff wellbeing:</b> We offer variety of 'wellbeing' tools including: access to specialist support, staff events, pastry briefings and the workload charter itself</p> <p><b>Staff recognition:</b> We seek out opportunities to praise in person and have a process for staff to highlight the contribution of others</p>	<p><b>Toolkits:</b> We create 'toolkits' for all procedures in school in order to free staff from the planning of key operational matters.</p> <p><b>Cycles:</b> We publish a full terms 'cycle' in advance so staff can plan their time and know when deadlines are approaching.</p> <p><b>Centralised detentions:</b> All detentions are centralised</p> <p><b>Avoiding roll-over:</b> The school does not roll over its timetable during the Summer term. Instead, this time is used on core priorities and providing staff with extra training time.</p> <p><b>Open door approach:</b> All leaders in school have an open door approach whereby anyone can seek support and/or catch-up.</p>

# SCHOOL CULTURAL FIT

Working in a school where you are not aligned with the culture is a miserable experience. So...we both need to have alignment if you work here:

- We work in a school where team members feel safe
- We believe in mutual trust and respect
- We believe that risks can be taken
- Team members 'get things done'
- We have clear roles and clear expectations
- We all learn (everywhere, all of the time)
- We actively support staff in using goal setting and coaching in order to surpass expectations
- Team members are aligned with school ethos
- Work has personal meaning, with clear and regular job satisfaction
- Team members feel they make a difference
- We care personally and challenge directly
- We believe that you cannot just wish teachers and students to be better – you have to create the conditions for them to grow
- No role in school is 'beneath' anyone. A mindset of seeking simple ways to serve the team

These are the 14 books that have helped shape our strategy
